Sri Parshwanath Industries
(Manufacturers of Led Fixtures & Lighting Poles)

ISO 9001:2015

Dear Sir / Madam,

We are a leading manufacturer of LED-LIGHTS.

We Manufacture

- a. LED Lighting Fixtures
- b. LED Drivers.
- c. Conventional Lighting Ballasts

Please find below a brief background of our company

Our Company History

We started in 1987, as manufacturer of conventional ballasts (popularly known as chokes) for tube-lights. As lamp market progressed, we too moved on to CFL ballasts and HID ballasts. As technology moved on, we too moved from conventional type of ballasts to VPIT open type ballasts.

We made the entire range - from 6W to 1000W.

Along the path we added Lighting Fixtures (to our product range).

At Present:

Now since the technology has moved towards LED Lighting, we too have upgraded, rather we have re-invented ourselves to become one of the best manufacturers of LED fixtures, Drivers and Poles. Our Product portfolio consists of both Indoor and Outdoor LED lighting products

Our Clients include the leading OEMs in South India.

We also promote our own brand of Ashoka Lighting.

Our key differentiators are our

- a. Quality and
- b. Customer Service

Our vision is to create and cater the best Lighting Products in both outdoor and indoor segments.

We look forward to hear from you regarding your Lighting requirements .

Thank You,

Sri Parshwanath Industries, Bangalore
