ABOUT OUR COMPANY

RLITE R-LITE INNOVATION LLP is a Surat-based manufacturer specializing in advanced facade and architectural lighting systems. We engineer and deliver cutting-edge RGBW and mono-color lighting solutions for commercial, residential, religious, and public spaces — combining aesthetics, performance, and intelligent control systems.

Our mission is to empower architectural beauty through high-performance lighting made in India.

With every fixture we craft, we promise lasting brilliance and dependable service — lighting solutions built to shine today and serve tomorrow.

Keywords: Facade Lighting Experts, India-Made Innovation, DMX Control, Custom Design

Our Core

OFFERS

Core Offerings R-LITE offers a versatile and robust range of lighting products designed to elevate architectural and landscape spaces with precision, durability, and smart control. Our offerings include:

01 **RGBW Facade Lighting Fixtures (DMX/SPI Compatible):** High-intensity linear and dot-based facade luminaires ideal for dynamic architectural lighting.

02 **Wall Washers & Spotlights:** Sleek profiles, multiple beam angles, and available in both monochrome and RGBW formats.

03 **Inground & Bollard Lights:** Designed for pathways, perimeters, and uplighting applications with robust ingress protection.

04 **Underwater & Landscape Lights:** IP68-rated fixtures tailored for fountains, gardens, and outdoor features.

05 **DMX Controllers & Software:** Intuitive lighting control systems with synchronized pixel programming and remote management.

06 **Power Supplies & Drivers:** Reliable, high-efficiency units supporting various load capacities and control protocols.

Customized CANTEN Lighting Systems: Seamless, linear architectural lighting solutions for facades, soffits, and coves, fabricated to match project geometry and aesthetics.

UNIQUE SELLING STRATEGY

Best Seller Spotlight: CANTEN Linear Architectural Lighting – Engineered for elegance, this signature product stands out for its seamless glow, precision-engineered custom lengths, and robust performance. Designed for architectural facades, soffits, and edge lines, it offers uniform lighting without breaks, making it the preferred choice for premium and large-scale facade projects.

 **100% Made in India LED Solutions with in-house manufacturing and rigorous quality control**

 **End-to-End Project Support: From concept lighting design to on-site installation and commissioning**

 **Custom Tailored fixtures for complex geometries and architectural detailing**

 **Fabrication: Lighting Visualization & On-Site Mockup Support for design validation**

 **IP66/IP68 Weatherproof Fixtures with extended operational life in harsh outdoor conditions**

 **Smart Control Integration: Compatible with DMX/SPI systems for dynamic lighting scenes**

Industries We Serve

- **Government & Infrastructure Projects**
- **Hotels, Resorts, and Commercial Complexes**
- **Temples, Mosques, and Religious Institutions**
- **Real Estate & High-End Residential Projects**
- **Shopping Malls & Retail Spaces**

Featured Projects

We don't just light buildings — we illuminate dreams, frame emotions, and celebrate architecture in its brightest form.

Our installations have transformed architectural landscapes across sectors, showcasing creativity, control, and consistent brilliance. Each project stands as a testament to our quality and customized approach.
